

Internships at Stickydot

[Stickydot](#) is a Brussels-based collective that shapes research and innovation through multi-stakeholder engagement and co-creation. Our team is committed to pushing public engagement in science further, ensuring that all voices are included in a way that addresses the big societal challenges of our times. As a small, dynamic team with a great variety of projects and activities, we are regularly looking for full-time interns to join our team. Inclusivity is central to our values and we are committed to looking for all kinds of talent to build a diverse team.

Profile

- Recent bachelor's/master's graduate or in final stages of studies, preferably with the possibility of providing an internship convention from a university
- Excellent English language skills
- Excellent writing skills
- Social media savvy
- Ability to synthesise, organise and present ideas
- Interest and enthusiasm for science communication, societal engagement in research and innovation, participatory democracy
- Ability to work as part of a team
- French or Dutch language is a plus

Role

You will be working closely alongside the team of co-founders, assisting with the successful implementation of a wide variety of activities. Some of the tasks may include but are not limited to:

- Assisting in organising and facilitating events, online and in-person
- Disseminating project results through various channels including social media
- Liaising with project partners
- Writing articles and reports
- Attending events and conferences
- Some travel within Europe might be required

Conditions

- Preferable duration is 6 months, full-time.
- Starting date ASAP
- We offer a monthly stipend
- Ability to relocate or to frequently travel to Brussels is desirable

How to apply

Send your CV (max 2 pages) and cover letter in one PDF file to info@stickydot.eu
Applications will be reviewed on a rolling basis. Only candidates selected for an interview will be contacted. Interviews will be conducted in English via video conferencing.
